#### **Orders Boost Netia Presence**

Netia recently delivered Radio-Assist 7.5 systems to Singapore Management University (SMU) Campus Radio and to UnionWorks, which operates the English-language station WKRZ 91.3 FM and Chinese-language station UFM 100.3 FM.

According to Netia, the student-run SMU Campus Radio will use Radio-Assist 7.5, to record, edit, and tape daily content, ready for broadcast and streaming over the SMU intranet and public address system.

UnionWorks specified a full turnkey solution for recording, editing, and exporting audio files within the same system, as well as the ability to edit and play back while recording feeds and the flexibility to export audio files in different formats.
